RELEASE EDITION

Production Release v1.2 (2026)

STRATEGIC VISION

From Regional Saree Boutique to Global Luxury House

Your new digital platform has been custom-designed to bridge the high-touch physical intimacy of your Chandigarh atelier with the boundless scale of international luxury e-commerce. Patrons in Chandigarh, London, Dubai, or New York experience an immaculate, high-fashion presentation.

1. Artisanal Provenance

Rather than relying on local retail phrasing, the entire site is framed under *"Handcrafted in the Heritage Weaving Guilds of India • Atelier Chandigarh."* Hyper-specific driving directions are housed on a dedicated visiting page to preserve luxury cachet.

2. Dual Conversion Velocity

Every saree features dual action paths: standard **Add to Bag** for multi-piece shoppers, and **1-Click Buy** for instant lightning checkout with auto-applied VIP privileges (Silk Mark Certified, Free Fall & Pico, Express Shipping).

3. Smart Geo-Personalization

7 global currencies (INR, USD, GBP, EUR, AED, CAD, AUD) with real-time conversion. Domestic patrons see BlueDart Same-Day dispatch; overseas patrons see DHL Express Worldwide Air and pre-cleared import duty promises.

4. Omnichannel WhatsApp Selling

Direct 1-on-1 Daylight Video Drape Consultations connect digital visitors directly to your showroom master stylists. High-ticket patrons see pure zari sheen in natural sunlight before committing.

PATRON RATING & PROOF

STREAMLINED LUXURY HEADER (SINGLE-ROW MODERN NAV)

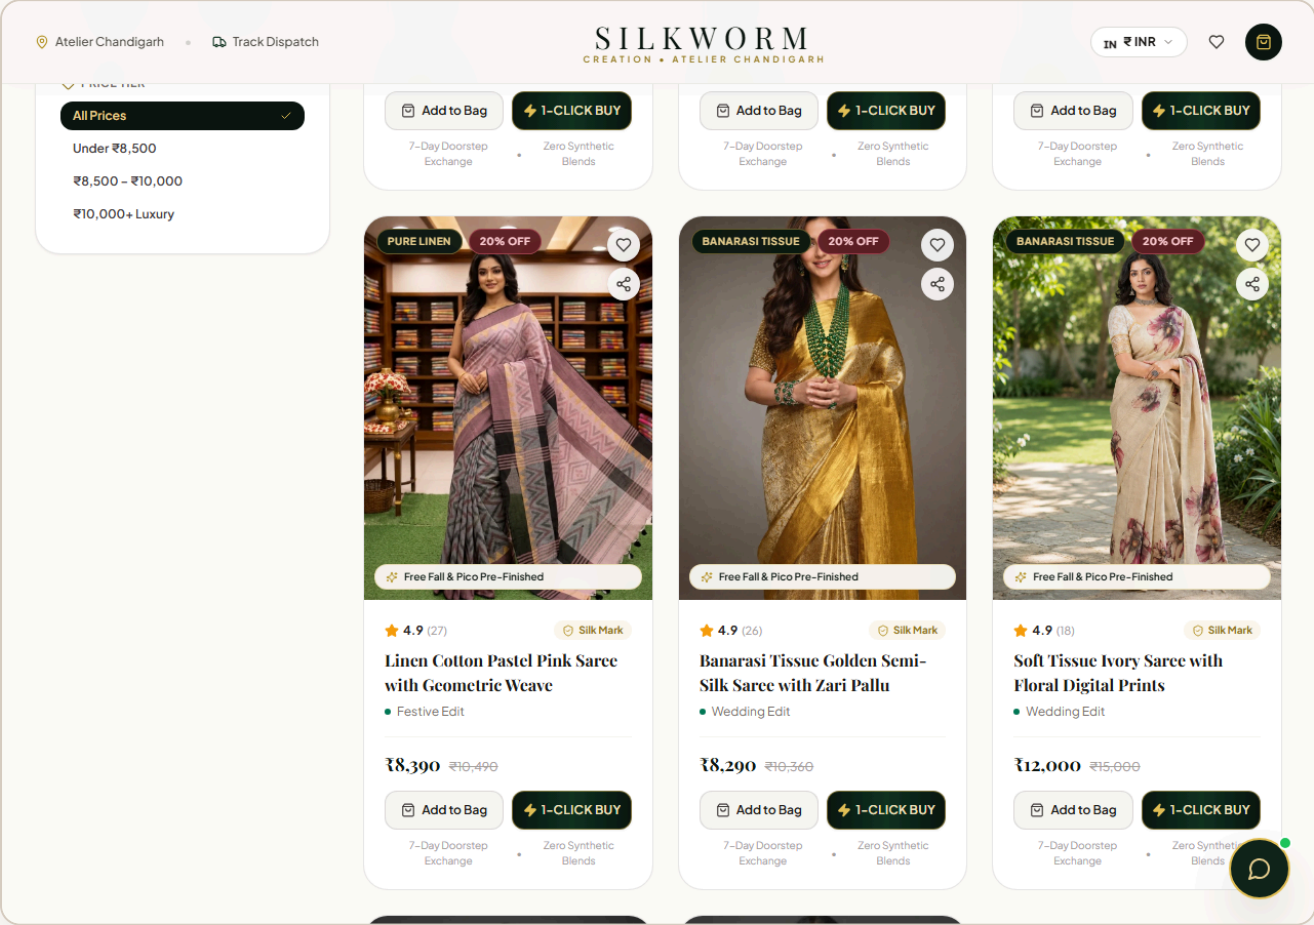

Eliminated redundant category clutter. Centralized navigation features Atelier links, Monogram wordmark, live currency picker, saved wishlist counter, and cart drawer.

E-COMMERCE GOLD STANDARD

Desktop Left-Sidebar: High-Fashion Faceted Repertory

In line with top-tier luxury fashion portals (Net-a-Porter, Farfetch, SSENSE), the catalog uses a dedicated, non-sticky left sidebar for filtering. This eliminates awkward horizontal scroll bars and gives maximum breathing room to high-resolution saree photography.

- 1. WEAVE CATEGORIES**

Instant filter by Pure Linen (4), Banarasi Tissue (3), Handloom Cotton (5), Wedding & Festive (3) with live item count counters.
- 2. ARTISANAL PALETTE**

4x2 swatch grid displaying exact fabric dye tones (Crimson, Noir Black, Forest Green, Royal Navy, Rose Pink, Antique Gold, Neutral Beige).
- 3. INVESTMENT TIERS**

Clean price band filtering: Under ₹8,500, ₹8,500–₹10,000, and ₹10,000+ Luxury bridal editions, with instant "Clear All" reset.

Spacious 3-Column Luxury Display & Progressive Disclosure

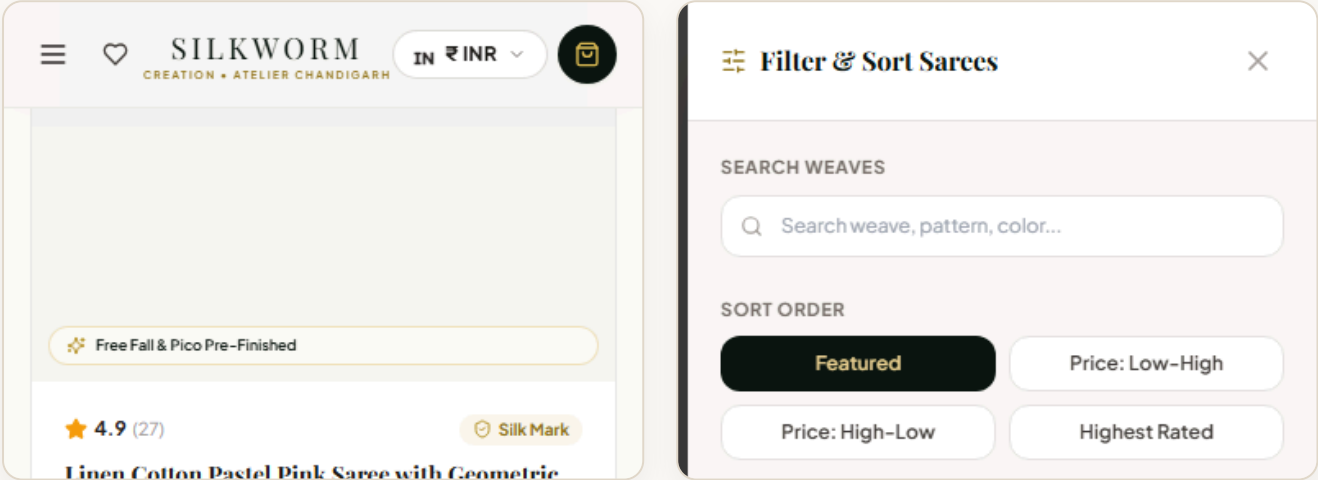

Initial view displays a handpicked curation of 8 sarees to eliminate scroll fatigue. Patrons can click "Explore All 17 Sarees" to smoothly unfold the full atelier repository.

ZERO LAG • INSTANT STATE

MOBILE-FIRST ENGINEERING

Mobile Floating Action Button & Slide-Over Drawer

Over 75% of luxury Indian fashion browsing occurs on mobile devices. Rather than cluttering the mobile screen with cumbersome horizontal filter chips, the mobile layout delegates all controls to a floating action button and an iOS-style bottom drawer.

The image displays two mobile app screens. The left screen shows a product card for a 'Linen Cotton Pastel Pink Saree with Geometric' pattern. It features a 'Free Fall & Pico Pre-Finished' badge, a 4.9 star rating with 27 reviews, and a 'Silk Mark' logo. A floating filter pill is positioned at the bottom of the card. The right screen shows a 'Filter & Sort Sarees' drawer. It includes a search bar for 'SEARCH WEAVES' and a 'SORT ORDER' section with four buttons: 'Featured', 'Price: Low-High', 'Price: High-Low', and 'Highest Rated'.

Floating Filter Pill (FAB): Floats at bottom-20 left-4, resting naturally in the user's thumb reach. Sits opposite WhatsApp and above the sticky checkout bar. Displays active filter counter badge.

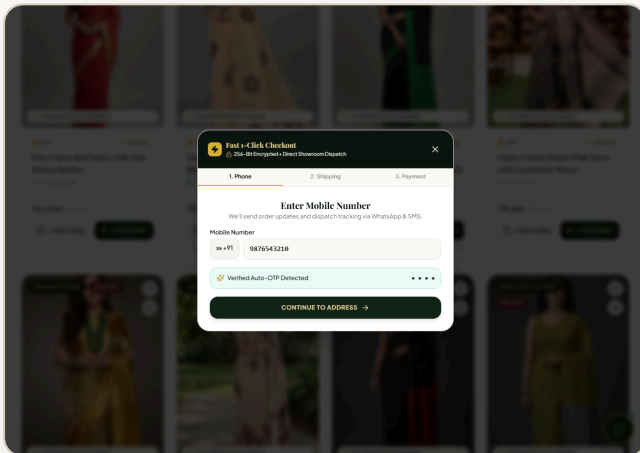

Slide-Over Bottom Drawer: Portaled directly to document .body with backdrop blur and background scroll lock. Features sticky footer with "View X Sarees" high-contrast action.

MOBILE FEATURE	IMPLEMENTATION DETAILS	CUSTOMER BENEFIT
Single-Row Mobile Header	Brand wordmark + Mobile Hamburger drawer trigger + Bag counter	Zero header overflow on 360px–420px screens. Clean luxury logo appearance.
Sticky Bottom Mobile Bar	Direct "Book Video Consultation" + "Add to Bag" sticky bottom bar	Instant purchase or stylist consultation accessible at any point while scrolling.
Dual Action Saree Cards	Split "Add to Bag" and "1-Click Buy" pill buttons on every card	Fast purchase velocity for single-item buyers without forcing a multi-page cart flow.
Touch Scroll-Lock	Background document body lock when any modal or drawer is open	Prevents accidental page bouncing or losing place while reviewing sarees.

REVENUE ACCELERATORS

Designed to Convert: Built-In Luxury Sales Drivers

Every touchpoint on the website is calibrated to eliminate patron hesitation, answer luxury buyers' unasked questions, and drive higher Average Order Value (AOV).

Fast 1-Click Checkout Modal: Triggered directly from product cards. Auto-applies free shipping, Silk Mark verification, and ready-to-wear Fall & Pico.

Complimentary Fall & Pico Guarantee

Standard e-commerce sites charge extra for Fall & Pico or deliver raw hems. SilkWorm Creation promises ready-to-wear perfection out of the box with master artisan stitching included on every piece.

Custom Blouse Master Tailoring Add-On

Customers can choose between an unstitched 0.8m running blouse piece or upgrade to custom master tailoring by your atelier tailors (+ ₹1,499), directly increasing transaction value.

1-on-1 WhatsApp Daylight Drape Salon

The primary objection in high-end saree buying is color accuracy. One click connects patrons to a live WhatsApp video call where your stylist holds the drape up in natural daylight.

Trust Signals Displayed Across All Product Cards & Modals:

✓ Silk Mark Certified:

100% pure natural yarn guaranteed.

✓ 7-Day Exchange Window:

Complimentary courier pickup or showroom swap.

✓ Insured Courier Transit:

BlueDart Air in India / DHL Worldwide.

WORLDWIDE EXPORT READY

Smart Domestic vs. International Personalization

NRI patrons and international buyers have fundamentally different concerns from domestic Indian shoppers. The platform detects and personalizes messaging, pricing, and logistics dynamically.

DIMENSION	DOMESTIC INDIAN SHOPPERS	INTERNATIONAL & NRI PATRONS
Currency & Pricing	Indian Rupees (₹ INR) with localized formatting (e.g. ₹9,499).	Automatic conversion into USD (\$), GBP (£), EUR (€), AED (د.إ.), CAD (\$), AUD (\$).
Shipping Carrier	BlueDart Air Express / Delhivery Express.	DHL Express Worldwide Priority Air Courier.
Delivery Timelines	2–3 business days (Same-day dispatch in Chandigarh Capital Region).	4–6 business days tracked doorstep delivery to 150+ countries.
Import Duties & Taxes	100% GST inclusive. No additional delivery charges.	"All Import Duties Pre-Cleared" guarantee displayed at checkout.
Payment Options	UPI (Google Pay, PhonePe, Paytm), NetBanking, Cards, COD.	International Visa, Mastercard, AMEX, PayPal & Wire.
Concierge Nuances	Invites patron to Atelier Chandigarh for private fittings.	Offers scheduled WhatsApp Daylight Video links adjusted for overseas timezones.

Global Currency Dropdown

Available directly in the top navigation on desktop and inside the mobile slide-over drawer. Customers can toggle their currency at any moment; all prices and cart totals instantly recalculate without page reload.

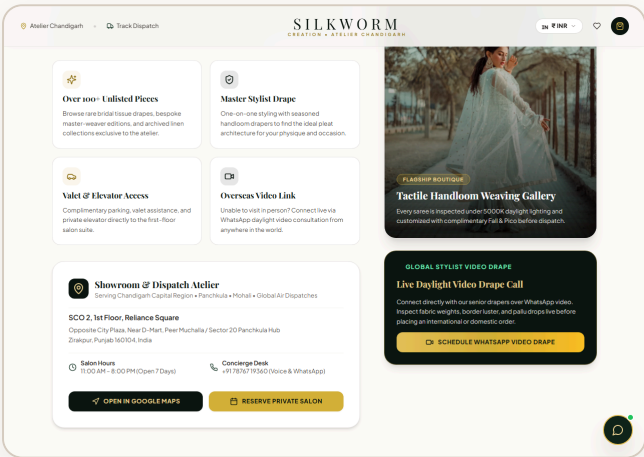

International Duty Reassurance

The #1 friction point for NRI shoppers ordering sarees to the UK, USA, or Canada is unexpected customs duty upon delivery. The platform explicitly highlights pre-cleared customs, eliminating abandoned carts.

PHYSICAL & DIGITAL HARMONY

Dedicated Boutiques Page & Concierge Self-Service

The digital presence is engineered to increase physical foot traffic to your flagship showroom at Reliance Square, while simultaneously providing robust self-service tools for remote buyers.

Dedicated /boutique Sub-Page: Showcases the natural sunlight draping salon, valet parking info, 11 AM–8 PM opening hours, and direct Google Maps navigation.

VIP Showroom Appointment Booking

Patrons planning bridal visits or family viewings can book an appointment with preferred date, time slot, and party size. Submissions automatically format into a structured WhatsApp message to your concierge.

Self-Service 4-Stage "Track Dispatch"

Customers can check live parcel progress (1. Weave Quality Inspection → 2. Complimentary Fall & Pico → 3. Express Air Dispatch → 4. Delivered), drastically reducing inbound "where is my order" inquiries.

Verified Reviews & Shop The 'Gram

Features authentic patron testimonials with city tags (Chandigarh, London, Dubai) alongside an interactive Instagram reel feed (@silkwormcreation) showcasing real client drapes.

Automated FAQ Accordion (Staff Time Saver)

Answers key client inquiries before they ask: blouse piece dimensions (0.8m running), complimentary Fall & Pico details, video consultation process, domestic vs. international delivery timelines, and 7-day exchange window.

OPERATIONAL PLAYBOOK

Client Operating Handbook & Next Steps

Your digital flagship is completely configured, deployed, and live on the high-performance Next.js production engine. Here is how your team operates the platform day-to-day:

1. Managing Inquiries

All "Book Video Viewing", "VIP Appointment", and "Concierge" buttons pre-populate clean, structured messages directly to your WhatsApp Business number (+91 78767 19360) with the exact saree name and price attached.

2. Fulfilling Orders

Orders arriving via Cart or 1-Click Buy are received with full customer address, phone number, and selected saree. Your atelier master attaches Fall & Pico, packs in luxury gift boxes, and dispatches via BlueDart (domestic) or DHL (overseas).

3. Updating Products

The catalog is centrally managed in `src/data/products.ts`. New saree drops, prices, fabric tags, and imagery can be added with full automatic static page generation (SSG) across all categories.

Recommended 90-Day Digital Growth Playbook:

- **Meta & Instagram NRI Campaign:** Run video ads highlighting *"Handcrafted Heritage Weaves • Direct DHL Express to USA, UK & UAE"* directing users to WhatsApp video consultations.
- **Google Business Profile Link:** Link your Google Maps profile directly to `silkwormcreation.com/boutique` to drive local Chandigarh, Panchkula & Mohali salon visits.
- **Festive WhatsApp Broadcasts:** Use the direct saree links (e.g. `silkwormcreation.com/products/[handle]`) in VIP broadcasts for seasonal festive launches.
- **Bridal Party Consultations:** Promote the VIP Showroom Appointment Booking modal to brides seeking coordinated wedding drapes and bespoke tailoring.
